**Beautiful Garden Wedding**

Dorothy Clive Garden was the ideal venue for our wedding. I have been going there since I was a child so it was already special. They were so helpful and willing to make it the wedding we wanted. The Garden provided a beautiful backdrop to all our photos and even though it is open to the public it felt quite separate and secluded. It was even better than we expected and we would definitely recommend the Garden to anyone planning their wedding.

**A wedding to remember at Dorothy Clive Gardens**

Beth and Taka were married in Japan in late 2023, but coming to the UK for the first time as couple ,asked us to arrange a special celebration of their marriage for close family. The Dorothy Clive Gardens were superb in everything they did to help organise and host this on a wonderful summers day. With the herbaceous borders out and a fantastic vegetarian/vegan English afternoon tea, special memories were made. Thank you all at the DCG you were outstanding, as is the garden for wedding venue.

**Could not ask for more**

The most stunning location for a wedding. Our wedding was just myself and my groom and it was the perfect setting. If you are unsure go and visit and I promise you will be blown away. The gardens are beautifully maintained and all the staff are incredible not to mention Meg who will make the run up to your wedding seamless and the day perfect beyond words. If you want a beautiful, unique, tranquil venue for your wedding then this is the place. 10/10 I cannot find fault and wouldn't not change a thing about our wedding day.
